BOMBARDIER

Fisher & Paykel

After careful evaluation of solutions on the market, we are so pleased to have chosen the mother of all tracking systems. The accuracy and security of ATLAS made it the clear winner.

Operational efficiency starts with Atlas, your new resource.

ATLAS works 24 hours a day recording your assets' activity and operational decisions.

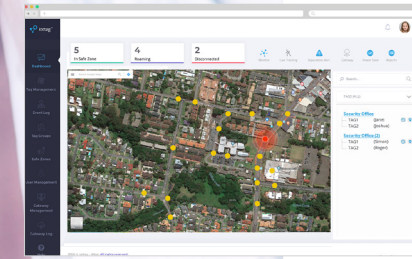

Using an array of algorithms ATLAS carefully filters and models meaningful data points.

The output is a powerful graphical representation of business' activity, illustrating current behaviour and offering actionable insights into streamlining operations.

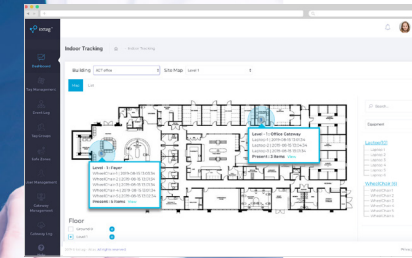

ATLAS understands that a lean and productive business is often the most profitable - With new visibility you can make data driven decisions to increase productivity, reduce losses and grow profitability year on year.

Equipment

With connected assets, gain the visibility necessary to make informed decisions, everyday.

Gateways

Outdoor Gateway

Connectivity: Wifi, BLE, POE
Power: Up to 2yrs
Detection Range: 250m
Firmware: Managed Remotely

Indoor Gateway

Connectivity: Wifi, Ethernet, BLE
Power: 240v / USB / POE
Detection Range: 250m
Firmware: Managed Remotely

Mobile App & Gateway

Connectivity: Up to 5G, Wifi, BLE
Detection Range: Up to 200m

S3 Slim Tag

Battery: Up to 3yrs
Range: 50m
IP Rating: IP67
Security: 256 bit
Key features: Ultra thin, accelerometer

A18 Universal Tag

Battery: Up to 3yrs
Range: Up to 150m
IP Rating: IP67
Security: 256 bit
Key features: Medical grade, accelerometer

T3 Tough Tag

Battery: Up to 5yrs
Range: Up to 200m
IP Rating: IP67
Security: 256 bit
Key features: Tough outdoor, UV rated

Atlas 6 GPS

Battery: Up to 5yrs
Range: Unlimited
IP Rating: IP67
Security: 256 bit
Key features: GPS autonomous, tamper switch, magnetic attach

Wearable Tag

P1 Band Tag

Battery: Up to 1yr
Range: 60m
IP Rating: IP67
Security: 256 bit
Key features: Colour, lockable

ID2 Card Tag

Battery: Up to 2yrs
Range: Up to 200m
IP Rating: IP67
Security: 256 bit
Key features: Duress Alarm, accelerometer

Asset Tag

V7 Vector Tag

Battery: Up to 5yr (replaceable)
Range: Up to 1 Km
IP Rating: IP66
Security: 256 bit encryption
Key features: Speaker 90dB, accelerometer, duress, compliance alarm, long range

GPS Tag

Seek GPS

Battery: Up to 5 days
Range: Unlimited
IP Rating: IP67
Security: 256 bit
Key features: Duress alarm, GPS tracking, two-way communication

Australian designed systems offer unmatched end-to-end security.
